

HOLY WEEK

ACTIVITY CALENDAR

Explore Holy Week with your family in a whole new way! Use the outline below to create your own “calendar”. Use poster board as your base, creating the outline of all 8 days first. Then, each day during the week, study the day. Take turns reading the scriptures, work together to create the crafts/pictures, work on writing and memorizing the memory verse, and sing the worship songs together!

You can use items you already have at home to complete this. There are no rules! The whole idea is to spend time reflecting and celebrating this important week together! Enjoy!

I used two medium sized poster boards, taped together. You will need to divide your space into 8 squares, labeling them Sunday through Sunday.
